GLADIOLUS

for 1961 by

PERRIN

Herewith is our Catalog of the world's leading Gladiolus varieties. We have spent a lot of time, effort, and money in trying out many more kinds, but these are the only ones we can recommend to you, our customer-friends.

If you have not tried some of the newer and better varieties in the past few years, you will most certainly be surprised and delighted with the big advances made in hybridizing. **TRY SOME THIS YEAR, GO TO THE SHOWS, AND BRING HOME SOME PRIZES.**

Please notice that we pay $\frac{1}{2}$ the shipping costs on all orders over \$25.00 from the Wholesale Section of the catalog. Railway express still has their commodity rate in effect on orders over 16 lbs., which brings the cost of shipping down below Parcel Post.

Smaller orders taken almost entirely from NEWER VARIETIES will be PREPAID by us to your door via Parcel Post in the early Spring. Please note the saving you make by ordering 10 bulbs of a size in the newer varieties.

We harvested one of the biggest and best crops from our 21 acres that we have ever produced. In fact the bulbs ran so large, we are offering JUMBO bulbs — price on these will be a little higher than No. 1 size, due mostly to the weight involved. (125 to 150 lbs. per 1000) See wholesale part of Catalog.

Gladiolus of Quality and Distinction

" BUTTERFLY " V A R I E T I E S

(Prepaid postage)

A. few years ago, Konynenburg & Mark of Holland introduced a new type of Gladiolus called "Butterflys". They are almost all noted for their strongly contrasting throat markings and semi-triangular shape to the blossoms. They are extremely early to bloom and are very healthy growers. Considered to be almost all in the "300" class, they lend themselves well to small bouquets and arrangements.

	Large	Medium	Small	Bulblets.
ARES-- Ruffled cream with a scarlet apricot thrt.	2 for.19	3 for.19	5 for.29	100 for .79
